

Shaping the future...

Manufacturer of Hi-tech Precision Engineering
Components and Assemblies

CNC Turning Centers

Capacity: from Dia 6mm to Dia 220mm
Length: 635mm

- Twin Turret & Twin Spindle with C-axis live tooling
- 7 Axis Moving Head CNC Turning Centers
- 4 Axis CNC Turning Centers with C-Axis & Live Tooling
- 3 Axis Turning Centers with including Y-axis
- 2 Axis Turning Centers
- Automation through Bar Feeders

CNC Machining Centers

Range : from Dia 5 mm to Dia 100 mm
Machining Part Size: 500x400x400 mm
Length: 250mm /Accuracy of 0.02 mm

- 5 Axis Vertical Machining Center
- 4 Axis Vertical Machining Center
- 3 Axis Vertical Machining Center

Aluminum Gravity Die Casting

Aluminum Gravity die Casting (Permanent mould) part's weight up to 10 Kg.

Alsons is participating in AIRTEC 2017 – Munich, (Aero Expo Park Next to Munich Airport, Germany) 24th to 26th October 2017, as a manufacturing partner and under the banner of Pakistan Aerospace.

Stand: D - 124, C - 133

TECHNOLOGIES AT ALSONS

- * CNC Precision Milling
- * CNC Turning with C - Axis and Y - Axis
- * 7 - Axis Sliding Head CNC Turning Center
- * CNC Drilling and Tapping
- * CNC Internal Grinding
- * Aluminum Gravity Die Casting
- * Aluminum Pressure Die Casting
- * CNC Plastic Injection Moulding
- * Stamping
- * Assemblies
- * Surface Treatment
- * Heat Treatment
- * Testing
- * Calibration

BEST SUPPLIER AWARDS

Alsons received diploma for the best supplier from our customer in France dated 08th March 2017.

Alsons received "Best Supplier Certificate" from our French Customer.

QUALITY AWARD

Alsons got 1st Position in Quality Award Competition in May 2017 at Atlas Honda.

60 YEARS OF MANUFACTURING

Alsons celebrated 60 years of manufacturing on 10th February 2017.

Manufacturer of Hi-tech Precision Engineering
Components and Assemblies

Shaping the future...

Aluminum Pressure Die Casting

Assemblies

Diversified Assembly lines for various sophisticated Mechanical, Electrical and Electronic Products.

CNC Plastic Injection Moulding

Capacity: From 60 to 650 tons
Part Weight: 1 gm to 2 KG

Stamping

Types: Mechanical, Hydraulic and Power Presses

Capacity: From 10 to 600 tons
Thickness: 0.5mm to 6mm

DSEI 2017 - UK

Alsons participated in DSEI 2017 (UK Excel London), as an exhibitor from 12th to 15th September 2017.

QUALITY FOR OUR CUSTOMERS

- * We are an ISO 9001:2015 Certified Company by SGS - Pakistan and also an ISO 14001:2004 (Environmental Management System) Certified by LRQA.
- * Our Integrated Management System also includes: Project Management, Risk Management and Configuration Management.
- * Our key focus remains on complete customer satisfaction through continuous improvements in our all work processes and manufacturing high quality products.

EXPORTING TO EUROPE For

Exporting for France, Belgium, Germany, Italy & Spain
